

VECTRIX *From £7200*

Consider the Vectrix VX-1 - the world's first **Personal Electric Vehicle**. Its advanced, all-electric powertrain means there's no gas, no oil, no smell and no smog. Its exciting performance - 62 mph top speed - makes it completely highway-and-freeway legal. Its long range - between 35 and 55 miles* - makes it perfect for commuting, errands, or just plain fun. And its penny-a-mile energy cost** makes it just as frugal as it is fun-loving.
